Measuring Yourself Tips - Male

Chest

Stand up straight with your arms hanging straight at your sides.

Have someone measure the fullest part of your chest, over your shoulder blades and under your underarms.

Keep the measuring tape parallel to the ground.

Waist

Bend over to one side to find the spot where your waist naturally creases.

Measure this spot; it should be right under your navel.

Keep the measuring tape parallel to the floor and snug against your skin, but don't pull it tight.

Inside Leg

Measure from the top of the inside leg at the crutch to the ankle bone.
